Coronavirus (COVID-19) Supply Chain Statement

To whom it may concern,

FireSense supplies a range of Fire Alarm and Cabling products that are manufactured in Australia, China, NZ, USA and Europe.

All FireSense Australian locations are totally free of Coronavirus (COVID-19).

All FireSense suppliers' manufacturing locations, to the best of our knowledge are free of Coronavirus (COVID-19).

International freight is experiencing some delays but generally is not effecting supply.

Factory status can be confirmed as follows:

Fire Alarm Panels	OK
EWIS Panels	OK
Detectors & EWIS Speakers	OK
VESDA	OK
TPS Cables	OK
Fire Rated Cables	OK
Sprinkler Products	OK

Please note: FireSense holds significant inventories (approximately 2-3 months buffer stock) of all manufactured items in our Sydney, Melbourne and Brisbane warehouses for your projects.

We do acknowledge that this is an extremely dynamic situation on a global scale and senior management continues to monitor the situation and add additional precautions as necessary on a daily basis to ensure the security of our supply chain.

Thank you for your support, and we will continue to advise of any changes as the situation progresses.

Regards,

David Callus
Managing Director
