- 200mm & 360mm lengths
- As required by  
AS 3013  
AS1670  
AS1668  
AS2118
- Convenient bags of 100 PCS

Australian standards require that fire rated cables are mechanically fixed to trays with the use of steel ties.

FireSense stainless steel cable ties are suitable for use with fire rated cables in accordance with AS 3013, AS 1670, AS2118 & AS1668.

FireSense stainless steel cable ties come in 2 convenient lengths of 200 & 360mm for cable bundle sizes of 50 & 95mm respectively.

Please consult your cable supplier for tie spacing as this may vary from cable to cable.
